Code of Conduct for Players

Players are the most important people in the sport. Playing for the team, and for the team to win, is the most fundamental part of the game. But not winning at any cost - fair play and respect for all others in the game is fundamentally important.

Players should:

- Make every effort to develop their sporting abilities in terms of skills, technique, tactics and stamina
- Learn the rules of the game
- Make every effort consistent with fair play and the laws of the game
- Set a positive example for others and encourage team mates
- Always be on time for training and matches
- Not use foul or abusive language
- Accept success and failure, victory and defeat equally. Shake hands after the game whatever the result
- Safeguard the physical fitness of opponents, avoid violence and unsporting play and help injured opponents
- Accept the referee's decision, do not argue with the officials
- Abide by the decisions of the coach who is there to help you
